QUESTIONS

How long can I save my shopping carts?

Carts go inactive after 1 year, though after 90 days you will need to look for carts by using the Advanced Search tab on the View Carts and Orders page.

How do I submit my saved cart for approval?

Locate the cart under saved carts

Check the box in the Select column

Click on the "Modify" link to the left if you want to look over the cart one last time. Or you can click the blue Submit button to submit it right away.

If you clicked modify you can make changes to the order. When ready, click "Proceed to Checkout" button

Finally, click the Submit button to submit the cart to your approver.
