

Central Linn School District

Self-Medication Agreement

Students who are developmentally and/or behaviorally able, will be allowed to self-administer medication, subject to the following:

- 1) This Self-Medication Agreement form must be submitted for all self-medication.
 - Self-administration of non-prescription medication requires this form and permission from a school administrator. (Self-administration of non-FDA approved medication must include a written order from a prescriber)
 - Self-administration of prescription medication requires this form, and permission from a school administrator and either a RN practicing in the school setting or a prescriber. Prescriber consent can be included on the prescription label or on this self-medication agreement form.
- 2) All medication must be kept in its appropriately labeled, original container as follows:
 - Prescription labels must specify the name of the student, name of the medication, dosage, route, and frequency or time of administration and any other special instructions.
- 3) Sharing and/or borrowing of medication with another student is strictly prohibited.
- 4) Permission to self-medicate may be revoked if the student violates school district policy governing administration of medication and/or these regulations. Additionally, the student may be subject to discipline, up to and including expulsion, as appropriate if the self-medication policy is violated.

Student Legal Last Name	Legal First Name	Middle Name
-------------------------	------------------	-------------
