

**March 31, 2020**

**Central Linn Elementary**

We hope you are all well and healthy! We have two important messages for you. First, you should be hearing from each of your students' teachers this week with login information for your child to begin accessing various online supplemental programs. Second, beginning Monday of next week, the elementary school will have packets of work for your child. These packets will be available to be picked up from the HS from 11:30-1:00 each Monday. If you are unable to pick up the packet, prefer to have the packet online, or need the packet delivered, please reach out to your child's teacher. New packets will be available each week on Monday. Thank you for your patience as we continue to support your children during this difficult time.
