1.0 Call to order by Laurie McCloskey at 3:50 pm in CLHS Library

2.0 Roll Call:

Members present: Laurie McCloskey, Emily Shear, Vicky Smith, Ethan Whitted, Chandra Evans

Members absent: Jon Zwemke, Jennifer Ashcraft, Grace Glenn

3.0 Approval of the minutes of the June 8, 2016 meeting was approved.

Laurie made a motion, Vicky seconded

4.0 New Business:

- **Concerns about math program:** too noisy, kids can't focus, kids not understanding what they should be doing (which standards they are on), taking a test a week and failing so that they can stay eligible; taking tests before ready.

To address this issue:

- school is having a math night Oct. 20th during parent teacher conferences
- brainstormed ideas about how to support math teachers and students
 - perhaps advisory teachers learn how to read assignment standards and talk to the kids about them in advisory class,
 - ◆ ongoing dialogue with math teachers.
- Student parking concern: people are parking in wrong spot when somebody else is in their spot. (from when we have school visitors or subs in the building?) Wondering if we can have a "Student Parking Lot" sign made and numbers repainted so that they are more visible. Guest parking spots made as well?
